RCM Report for December 2022

Hello Family,

This past RSC was awesome! There was great food and some amazing fellowship. Well let's jump into this report by starting with some open positions. The open positions on the RSC floor include; co-facilitator, co-treasurer, treasury oversight, Archivist, and co-secretary. Under Fellowship Development and Public Relations there are also numerous open positions as well. The RSC would love to have some new blood show up or some old blood to return and get involved at this level of service. In other news the MARCNA convention it sounds like is coming along nicely. The dates for the convention are April 21 st to 23 rd in 2023. Great news is that you can now register online for the convention. Hope everybody is making preparations early to attend this fabulous event. It will be held at the same location as it was last year which is the Hyatt Hotel in Wichita, Kansas. On a side note the convention is still needing a co-secretary and co-treasurer. Moving on over to Soul to Soul. It is scheduled for October 20 th to 22 nd in 2023. It is going to be held at Camp Chippewa and they currently have no open positions on the committee. Also the theme they have decided on is; Growing our soul at soul to soul. The tough news, but understandable is that registration for the event has had to be increased to \$100.00 dollars and it will have to be paid by the August RSC. Next is the Regional Campout. It is set for June 30 th to July 2nd. The campout theme is going to be; Simple Program. It will be held at Pomona Lake, which is where it was last year. Hope everybody can come and enjoy the outdoors and the fellowship.

Next on my list of things to discuss is the CAR Report. It is now available at NA.org . Just a heads up I believe there is around 26 motions that are going to be covered in the CAR and from what I hear from the RD some definitely need to be explained and talked about. With that being said I would like the groups in our Area to talk about setting a place and time for a workshop. Lets see if we can get a workshop set up soon instead of it being the last minute so that groups can be more clear about the motions.

A final topic to mention is that it was asked in open forum "what the groups would like to see in a service assembly". This is I feel an important question as our group members can one have their voice heard and also the group members can get topics that they feel beneficial to them.

I am pretty sure I have forgotten some things in my report so I will go ahead and apologize now for whatever I may have left out. Please feel free to ask questions and I will be more than happy to try and answer them.

In loving service,  
Rich A.
